In the event the residual farmland or open space is thirty acres (30) or less and one farm residence exists or is proposed on the residual, then in that event, the residual farmland or

open space shall remain as one undivided parcel; if no farm residence exists or is proposed on the residual farmland, or in the event, that more than thirty (30) acres of residual farmland exists, where a farm residence exists or is proposed, then, in that event, the residual farmland or open space, or in the case when a farm residence exists or is proposed, the excess of the residual farmland over thirty (30) acres may be owned jointly or in common by the owners of the building lots, or an association of the owners of the subdivision or a person or entity who does not necessarily own a dwelling unit within the rural residential subdivision, but who makes a binding commitment to utilize the land for permitted uses other than the construction or maintenance of any dwelling units except one existing farm dwelling as noted above.
